

**V. PRAGUE SCHOOL ON FLOW CYTOMETRY-
PRACTICAL AND INTERACTIVE COURSE ON ADVANCED
APPLICATIONS IN HEMATOLOGY-ONCOLOGY-IMMUNOLOGY
(MODERATED BY DISTINGUISHED EUROPEAN SPEAKERS)**

21-26 MAY 2018 PRAGUE, CZECH REPUBLIC

Local organizer and contact: Iuri Marinov (iuri.marinov@uhkt.cz)

ESCCA Coordinator: Enrique O'Connor (jose.e.oconnor@uv.es)

under the auspices of the European Society for Clinical Cell Analysis

**NEW!!!
ESCCA CERTIFICATION FOR CYTOMETRY OPERATORS**

DEADLINE FOR APPLICATION: 31.12.2017!!!

Iuri.Marinov@uhkt.cz

Topics

1. Technical aspects of polychromatic flow cytometry- multicolor panel design
2. Cytometry and normal hematopoiesis
3. ALL: immunophenotyping, MRD assessment, case presentation, data file analysis, validation and standardization
4. B-CLL: immunophenotyping, MRD assessment, case presentation, data files analysis, validation and standardization
5. B-LPD/NHL: immunophenotyping, MRD assessment, case presentation, data files analysis, validation and standardization
6. MGUS/MM: immunophenotyping, MRD assessment, case presentation, data files analysis, validation and standardization
7. AML: immunophenotyping, MRD assessment, case presentation, data files analysis, validation and standardization
8. Acute leukemia of ambiguous lineage: immunophenotyping, classification, case presentation
9. MDS: immunophenotyping, MRD assessment, case presentation, data files analysis, validation, standardization
10. PNH: diagnosis, case presentation, data file analysis, validation, standardization
11. Flow Cytometry and advanced Immunology
12. Clinical Flow Cytometry- validation and standardization of FCM assays
13. Clinical Flow Cytometry- accreditation following ISO-15189
14. Clinical Cytometry self-evaluation

Faculty

A.A. van de Loosdrecht / M. Westers- Amsterdam, NL
G. Schuurhuis / A. Kelder- Amsterdam, NL
A. Rawstron- Leeds, GB
M.C. Béné- Nantes, FR
K. Psarra- Athens, GR
E. Mejstříková- Prague, CZ
I. Marinov- Prague, CZ
L. Říhová- Brno, CZ
M. Benko- Prague, CZ
Martin Špaček- Prague, CZ
